

## Job Title: Power Dispatcher (m/f/d)

Our Power department within Uniper Global Commodities SE in Düsseldorf is looking for you !

### **What we offer**

At Uniper, we believe in rewarding our employees for their hard work. We offer competitive salaries, company pensions and performance related benefits. Our people can also take advantage of our extensive flexible benefits package with discounts on high street vouchers, health and dental care, holidays and more.

## How we work

Our people are key to our success. Our core objective is to provide them with a supportive and entrepreneurial work environment that fosters collaboration. This allows our people to take responsibility and make optimal use of their skills. Together, we want to shape the future of energy.

## What we are looking for

- Steering of all trade-oriented Uniper powerplants in Germany and Hungary to cover UGC's daily demand in a cost-optimized way
- Delivery of ancillary and (re)dispatch services on demand for TSO's in the required quality
- Short term availability management including provision and supervision of "Urgent Market Messages (UMM's)"
- Intraday Re-Optimization of power plants under consideration of availabilities and the potential/opportunities in the power market
- Operational Management of Uniper's wind/solar Direct Marketing and future PPA portfolio
- Asset-Trading and Trade-Nominations during the night shift

## Who we are seeking

- Degree in electrical engineering or in technical studies
- Related experience in a similar role around power plant dispatching, portfolio optimization or system operation
- Interest in making decisions and ability to be in charge of power plant dispatching in an interesting environment with a high degree of self-responsibility
- Team-oriented working style and flexibility
- Ability to work in challenging situations
- Fluent in German and English
- Willingness to work in shift (24/7)
