

Call-for-Papers for the 9th International Ruhr Energy Conference (INREC)

Uncertainties in Energy Markets

September 9-10, 2020, Essen, Germany

Conference objectives

This conference seizes the occasion to investigate the various sources of uncertainty and risk in the energy field along with the latest methodological developments to cope with them. Contributions from all areas of energy-related research in economics, finance, engineering, social sciences and mathematics are welcome.

Conference topics

- Energy forecasting and modelling
- Risk measurement and management
- Energy innovations & energy markets
- Energy policies and economic impact
- Fluctuation of renewables and load flows
- Energy data and digitization
- Stochastic processes in energy
- Financing energy infrastructure
- Regulation and regulatory risk
- Low carbon energy futures
- Valuation of physical assets
- Alternative climate policies
- Commodity prices and world economy
- Energy market (dis-)equilibria

The conference language is English. The standard participation fee is 180€. There are reduced fees for full-time students (90€) and an early registration discount of 30€.

We are closely monitoring the current **situation regarding the corona virus**. After careful consideration, we have decided to host this year's INREC. However, we reserve the right to replace the well-known 2-day format by a completely digital version without attendance if necessary. In this case the conference fee would be reduced to 20€.

Please use the following link www.inrec.org for **registration and abstract submission** (300 to 500 words).

Dates and Deadlines:

Abstract submission deadline: June 08, 2020
Abstract admission notification: July 06, 2020
Notification on conference format: July 06, 2020
Early registration deadline: July 20, 2020

UNIVERSITÄT
